

JOB DESCRIPTION

Health Care Aid

Being an angel means protecting and guiding others with patience and gentleness. If this definition describes you, you are certainly already a member of our family. Soins Gabrielle's angels are dedicated to helping people with cognitive loss. For more than 15 years our large family has been providing home health care assistance and services.

We are now looking for active or retired beneficiaries in the Great Montreal.

Everyone in the health field who wants to make a difference in the lives of people with Alzheimer's disease is welcome in our team of angels at home.

We offer you a warm work environment in whom you can choose your schedule as the territory you will work in.

You'll also have the chance to create unique relations with your customers.

Requirements and working conditions:

- Updated PDSB card
- Updated CPR card
- Great empathy
- Beautiful relationship skills

Key functions:

- Cognitive stimulation
- Provide hygiene care: (bath, partial toilet in bed, clothing, etc.),
- Providing support for mobility and comfort :(move, mobilize and install the recipient in a comfortable position to reduce pressure sores.)
- Ensure medication is taken.
- Meal preparation and food assistance
- Do light household chores: (sweeping, washing floors, dusting, making the least/dishware, changing sheets, washing the bathroom or kitchen.)
- Help with shopping, walking, stimulation, support in transfers and monitor the general condition of the recipient and support all other activities of daily life. (Talk, listen and observe).
